

HOBART GLASSWASHERS

Hobart LXGe glasswashers clean and sanitize glassware, eliminating chemical residue that three-compartment sink cleaning systems and traditional dishwashers leave behind.

Enjoy round after round of worry-free glass cleaning, and at a lower cost to you. With this new monthly payment option, a Hobart Glasswasher is now more affordable than ever.

LEASE-TO-OWN PROGRAM

HOW DOES IT WORK?

Hobart is offering a special financing promotion to restaurants and bars. This program even includes service options for the full term of the finance agreement.

HOW MUCH DOES IT COST?

Monthly payment options vary based on which sanitization method you choose as well as what level of service best fits your need:

EQUIPMENT ONLY MONTHLY PAYMENT OPTIONS

MODEL #	36 MOS.	48 MOS.	60 MOS.
LXGeR High Temp Model	\$167.56	\$131.71	\$110.33
LXGePR Low Temp Model	\$152.71	\$120.04	\$100.56

**The above-referenced pricing is for the glasswasher and a factory warranty period of one-year only.*

SERVICE PACKAGE MONTHLY PAYMENT OPTIONS

MODEL #	36 MOS.	48 MOS.	60 MOS.
LXGeR High Temp Model	\$239.56	\$203.86	\$183.01
LXGePR Low Temp Model	\$224.72	\$192.19	\$173.24

**The above mentioned pricing includes the Glasswasher, installation/removal, and the warranty for the term of the finance agreement*

WHAT'S THE DIFFERENCE BETWEEN RENTING AND A LEASE-TO-OWN?

Renting can appear to be an attractive option for restaurant or bar owners who don't feel ready to make a long-term investment in their glasswashing equipment. However, many renting agreements have unseen costs, such as a minimum monthly chemical purchase or other hidden charges.

With Hobart's lease-to-own program, you can own the best brand in glasswashing now while making monthly payments toward the final purchase.

WHY HOBART GLASSWASHERS?

SUPERIOR PERFORMANCE

Sinks and traditional dishwashers have been doing a mediocre job of cleaning glassware since Prohibition. Now, you can enjoy round after round of worry-free glass cleaning. And if you ever need help along the way, our factory-trained support team is always just a call away.

SIMPLE, ONE-BUTTON OPERATION

A user-friendly interface makes life easier for your staff. So instead of messing around with complicated settings, Hobart LXGe glasswashers give your bartenders the freedom to do what they do best—take care of your patrons.

RUN HOT OR COLD

The Hobart LXGeR lets you use a cold-water supply while still achieving high-temperature wash and rinse—eliminating the need for chemical sanitizers and greatly reducing steam discharge. The Hobart low-temp LXGePR with PuriRinse technology uses potable water to effectively rinse away sanitizers. The choice is yours.

BETTER FOR THE ENVIRONMENT

Get cleaner glasses and do your part to create a cleaner world. With ENERGY STAR®-qualified LXGe glasswashers, you can increase your productivity and profitability by saving time, energy, and water.

FORM THAT CONVEYS FUNCTION

While the thoughtfully engineered technology on the inside of your LXGe glasswasher is hard at work discreetly cleaning your glassware, its high-end aesthetics will let your patrons know that you care about the quality of their drinking experience.
